OBJECTIVE

Aspiring Visual Designer with a strong foundation in **3D modelling, photography, and motion graphics**.

EDUCATION

National Institute of Fashion Technology, Kannur *2023 – 2027*
B.Des in Fashion Communication

St. Joseph's Higher Secondary School, Mathilakam *2020 – 2022*
Plus Two in Computer Science

EXPERIENCE

Motion & Video Editing Intern – Maitri Ads, Kochi *June – July 2026*
Edited commercial social media videos and developed
2D/3D motion graphic assets for brand advertising campaigns.

Spatial & 3D Visual Designer – Freelance *2024 – 2026*
Designed a custom suspended Oonjal (swing) installation
and developed 3D virtual garment assets for client showcases.

PROJECTS

After Us – 3D Model View Project
Built and rendered a 3D zombie-apocalypse version of my college
campus in Blender using only photo references.

Somewhere Between Us – Short Film View Project
Handled main camera work, edited the car crash scene,
and designed the title sequence.

Levi's – Brand Visual Study View Project
Co-wrote the story, shot the video on location, and assisted on editing.

Nangeli – Photoshoot View Project
Conceptualized and styled a themed photoshoot reimagining
the historic story of Nangeli through costume and visual direction.

Ezhakal – Craft Research View Project
Led photo and video shoots to document the weaving process and artisan community in Chendamangalam.

Analog Camera - 3D Model View Project
A detailed 3D model of Zenza Bronica GS-1, a medium format analog camera, created in Blender.

Saraswati - Kinetic Installation View Project
A kinetic installation of Goddess Saraswati.

SKILLS

Tools: Adobe Creative Cloud, Blender, Fusion 360
Other: Vintage Products Restoration, Basic Electronics
